Details

- Your artwork can be drawing / photography / painting.
- It can't be too detailed or have any text in it.
- It needs to be able to fit into the Connect Card template (above)
- You don't have to make your artwork the size of the actual - just keep in mind the proportions so you have an idea of how your artwork might look on the finished card.
- Think about how your design might work when the card is separated into the 2 parts.
